Dear Client,

We are pleased to offer the convenience of **CareCredit**.

CareCredit offers many low or no interest payment options. This line of credit is designed for medical use only, and is a convenient way for you to pay your veterinary bill with the plan that suits your needs. Please contact our office or go to www.carecredit.com for more information on this valuable plan.

Your horse is your best pal, and faithful companion. He needs regular checkups, just like the rest of us. He gets sick, too. CareCredit can help you keep him healthy with a card designed specifically for you and your companions' health needs.
